

Introduction

Throughout the history of the universe, the question which has been posed repeatedly is:

What is the purpose of my existence?

The answer is simple and is given in detail in the Act of Creation.

Every human [being](#) has an [Atma](#) resident within the body.

Each Atma has a Life Task which he or she has to carry out during his or her passage through life using the given body.

The DIVINE LAWS

[GOD](#) has laid down certain LAWS for all human beings.

These LAWS have been laid down for human beings to live in society and carry out the Task of the Atma.

Some of The DIVINE LAWS are given here.

The rest will be introduced as we progress on our path of learning.

The DIVINE Teachings

Whatever has been said by GOD in HIS own words is given here in the form of The DIVINE Teachings.

Their explanations, interpretations and applications given by [The Teacher](#) are found in The Teachings.

The Teachings

The Teachings are the explanations, interpretations and applications of the different elements of The DIVINE Teachings to meet the requirements of questions and situations faced by human beings in their day to day life and activities.

The Teacher will be available for providing the answers to the questions in

the form of The Teachings.

To draw full benefit from The Teachings you must understand the correct interpretation, the explanation and the application of each term.

These are given in The Definitions.

Each Teaching may cover one or more aspects of the given situation or question.□
