The Teachings

A Partial Teaching on Post Janam Blessings

Discourse

Once an Atma has used the given body+mind for the allotted Time, The Messenger will arrive and take the Atma for accounting by The Chief Judge.

Immediately on exit from the human body+mind, all the negatively running [counters](#) in the account of that Atma are stopped and the readings transferred to the ledger.

The Chief Judge will take the accounting of the [deeds](#) and [doings](#) of that Atma and in the facts and circumstances of the passage of that Atma through life will pass such order as may be deemed fit.

Once the Chief Judge has delivered his judgement, the Messenger is directed to place that Atma in the cycle of Joonis as ordered.

The Atma in the Joonis will progress one step at a time, spending time in each Jooni according to the average life span given to that organism.

The body+mind given to the Atma is left behind, in the physical universe, so is the life partner and or offspring from their union.

According to The LAW of the TENTH Part, the remaining life partner at number nine conveys the benefits associated with each recitation of HIS Name OMNMNKAAR to the Atma taken by the Messenger.

This conveyance is involuntary and takes place automatically on each recitation of OMNMNKAAR by virtue of operation of the LAW.

According to The LAW of the TENTH Part, the offspring at numbers seven and eight convey the benefits associated with each recitation of HIS Name OMNMNKAAR by each child to the Atma of each parent.

This conveyance is involuntary and takes place automatically by virtue of the LAW.

For each recitation of OMNMNKAAR at numbers 3, 4, 7, 8 and 9 by the persons left behind on the EXIT of the Soul from its body there is a reduction of one Jooni that the Atma traversing the Joonis.

Thus each recitation of OMNMNKAAR brings a benefit to the Soul in Jooni.

This benefit can be given by the mother at 3, the father at 4, the child at 7, the child at 8, and the spouse at number 9.

The benefits are increased when the surviving immediate [family](#) of the Atma recites OMNMNKAAR in Satsang.

There is no restriction on the numbers of benefits conveyed post Janam.

As long as the offspring and the remaining life partner continue to recite HIS Name OMNMNKAAR and to obey The Teachings by living in The Way of Life, the Atma which has been taken by the Messenger will continue to receive the benefits and there will be a consequent reduction in the number of Joonis that Atma will have to traverse.

Therefore if at all I wish to do something for my parents or the life partner who has finished his or her allotted Time, then I need to continue recitation of HIS Name OMNMNKAAR and to obey The Teachings by living in The Way of Life.
